BSBWHS211 Contribute to the health and safety of self and others

Release: 1

BSBWHS211 Contribute to the health and safety of self and others

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 7.0.

Application

This unit describes the skills and knowledge required to work in a manner that is healthy and safe in relation to self and others, and to assist in responding to incidents. It covers following work health and safety (WHS) policies, procedures, instructions and requirements; and participating in WHS consultative processes.

The unit applies to those who require a basic knowledge of WHS to carry out own work in a defined context, under direct supervision or with some individual responsibility, in a range of industry and workplace contexts.

NOTES

1. The terms ‘occupational health and safety’ (OHS) and ‘work health and safety’ (WHS) are equivalent, and generally either can be used in the workplace. In jurisdictions where *model WHS laws* have not been implemented, registered training organisations (RTOs) are advised to contextualise this unit of competency by referring to existing WHS legislative requirements.
2. The *model WHS laws* include the model WHS Act, model WHS Regulations and model WHS Codes of Practice. See Safe Work Australia for further information.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Unit Sector

Regulation, Licensing and Risk – Work Health and Safety

Elements and Performance Criteria

ELEMENTS	PERFORMANCE CRITERIA
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
